

REORGANIZED  
SHORT LINEMen Who Will Have Charge  
of the Departments.SPLENDID STAFF  
OF RAILROADERSW. H. Bancroft the Vice President  
and General Manager.

S. W. Eccles Traffic Manager—D. E. Burley Will Be the General Passenger Agent—E. E. Calvin General Superintendent—The Others to Whom Positions Have Been Tendered are: J. C. O'Melveny, Chief Engineer; J. F. Dunn, Superintendent of Motive Power; Ira Rhodes, General Purchasing Agent; E. J. Fisher, General Claims Agent; W. D. Lincoln, General Car Accountant; J. B. Evans, General Tax Agent; J. M. Bennett, Superintendent of Bridges and Buildings; H. C. Fawcett, General Baggage Agent—The Auditor and Local Treasurer Not Yet Determined Upon.

At last the consummation of the plans for which the people have waited so long is at hand, and Salt Lake will take a great step forward in commercial importance.

Unless all plans miscarry this city

prior to that time resided in Omaha, and has been with the Union Pacific for over 15 years. He has a splendid record as a passenger man and is perfectly equipped for his new duties.

**CHIEF ENGINEER.**  
J. C. O'Melveny, now assistant engineer of the mountain division under Chief Engineer George Peggam, with headquarters at Ogden, will be the chief engineer of the Short Line.

**SUPERINTENDENT OF MOTIVE POWER.**  
J. F. Dunn, at present assistant superintendent of motive power on the mountain division of the Union Pacific will be the superintendent of motive power. He is at present located at Pocatello.

**GENERAL PURCHASING AGENT.**  
The important position of General purchasing agent will fall to Ira O. Rhodes, at present assistant to the general purchasing agent of the Union Pacific at Omaha.

**GENERAL CLAIMS AGENT.**  
E. J. Fisher, now local claim agent on the mountain division of the Union Pacific, with headquarters at Pocatello, will be the general claims agent of the Short Line.

**CAR ACCOUNTANT.**  
The general car accountant will be W. D. Lincoln, now in the general car accountant's office of the Union Pacific at Omaha.

**GENERAL TAX AGENT.**  
J. B. Evans will be the general tax agent. He is now with that department in the Union Pacific general offices at Omaha.

**BRIDGES AND BUILDINGS.**  
J. M. Bennett, now assistant super-

intendent of bridges and buildings, will be the general superintendent of bridges and buildings.

**GENERAL BAGGAGE AGENT.**  
H. C. Fawcett, at present the local baggage agent of the Union Pacific, will be the general baggage agent of the Short Line.

As stated before the auditor and local treasurer have not yet been decided upon. They will probably be selected today or tomorrow. There has been considerable talk of railway circles to the effect that Hon. P.

will, on the night of March 1, become the headquarters of the reorganized Short Line, which, with over 1,400 miles of track in Utah, Wyoming, Idaho, Oregon and Montana, is one of the greatest systems in the entire west.

Attorney Zera Snow, who is now in the east, will apply to Judge Sabin for his final confirmation of the recent election and suggest as the date for the transfer midnight of March 1.

The importance of all this to Salt Lake and the state can hardly be overestimated. Under the arrangement made, it makes the road a local system, operated directly from this city, and traversing territory naturally tributary to it. The change means that in the future rates will be made in this city instead of being referred to Omaha, and the end of discrimination so far as this traffic is concerned.

The establishment of headquarters here will require a force, in the various departments, of 150 men, and an increase in the number of employees at the shops, etc.

**ELECTION OF BANCROFT.**  
Salt Lake, not less than the company, is to be congratulated on the choice of the man who will be in practical charge of the system. This selection of Mr. Bancroft is essentially a Salt Lake man, as well as master of the intricate business of railroading. At the last meeting of the directors of the Utah Short Line, Mr. Bancroft was elected vice president and general manager of the Oregon Short Line Railway company.

**HEADS OF DEPARTMENTS.**  
It was learned last night, though not yet officially announced, that the heads of all departments except one, that of the auditor, and the local treasurer, had been decided upon. This information has been awaited with great interest, not only here, but by the railroad world generally. The selections are such as might have been expected. The very best men have been chosen, and when operations are once under way, Mr. Bancroft will be surrounded by a staff that will bring out the best results.

Those to whom it is understood, positions have been tendered, are as follows:

**GENERAL SUPERINTENDENT.**  
For the important office of general superintendent of railroads and telegraph, E. E. Calvin is the choice. This gentleman is widely known throughout this region. He has had a long experience in railroading and is a former superintendent of the Idaho Short Line. He left the Union Pacific some time ago to assist the office of general superintendent of the International & Great Northern, a big Texas system, and has been located for a year and a half at Palestine, Tex. He is peculiarly qualified for the position tendered him.

**GENERAL PASSENGER AGENT.**  
S. W. Eccles, now the assistant general passenger agent for the Union Pacific, with headquarters at Salt Lake, will be the general passenger agent of the Short Line. He is a thoroughly conversant with its trade and needs and has always been a staunch friend of the state.

**GENERAL PASSENGER AGENT.**  
David E. Burley is the choice for general passenger agent of the new system. He came to Salt Lake from Philadelphia in 1881, but

was on the night of March 1, become the headquarters of the reorganized Short Line, which, with over 1,400 miles of track in Utah, Wyoming, Idaho, Oregon and Montana, is one of the greatest systems in the entire west.

Attorney Zera Snow, who is now in the east, will apply to Judge Sabin for his final confirmation of the recent election and suggest as the date for the transfer midnight of March 1.

The importance of all this to Salt Lake and the state can hardly be overestimated. Under the arrangement made, it makes the road a local system, operated directly from this city, and traversing territory naturally tributary to it. The change means that in the future rates will be made in this city instead of being referred to Omaha, and the end of discrimination so far as this traffic is concerned.

The establishment of headquarters here will require a force, in the various departments, of 150 men, and an increase in the number of employees at the shops, etc.

The establishment of headquarters here will require a force, in the various departments, of 150 men, and an increase in the number of employees at the shops, etc.

Larkins is under sentence of death in Bingham county for the murder of Josie Hill on Christmas day, 1895.

**WILL SELL HER MANSION.**  
Mrs. Stanford Going East With That Object in View.

San Francisco, Feb. 25.—Mrs. Jane L. Stanford left last evening for Washington, D. C., where she will remain several weeks. She has been accompanied by Henry Lathrop, Mrs. Bethel, her secretary and maid and butler.

The lady and suite went in the private car Stanford, in which she and the senator used to travel for so many years in going to New York, Washington and other places.

Mrs. Stanford will go straight through to Washington and will arrive in time for the exercises in connection with the inaugural of President McKinley.

The great object of Mrs. Stanford in going east at this time, as given out, is to sell the great mansion in Washington. Mrs. Stanford has been closing out different properties lately. She has turned over the California estate to her son, and is now closing out the property in connection with the ministry. It is in this, so it is stated, that she will concentrate her energies.

The curious, bric-a-brac, paintings, and rare things from at home and abroad, now in the Washington mansion, are to be put in the big house on Telegraph hill for the university.

**GO SCOT FREE.**  
J. B. Evans will be the general tax agent. He is now with that department in the Union Pacific general offices at Omaha.

**BRIDGES AND BUILDINGS.**  
J. M. Bennett, now assistant super-

intendent of bridges and buildings, will be the general superintendent of bridges and buildings.

**GENERAL BAGGAGE AGENT.**  
H. C. Fawcett, at present the local baggage agent of the Union Pacific, will be the general baggage agent of the Short Line.

his shaking hands a telegram from another, and he wished to apply this principle of equality before the law to taxation and bimetalism. He continued: "If a tax law simply taken from one citizen to give to another, the persons who framed it simply lacked the courage of the highway robber and the government which allows it is an unjust government."

"I am willing that this money question should be settled by this principle of equality before the law. I do not say that bimetalism gives you an absolutely perfect dollar, but I believe that it will give fair justice between man and man than any system of finance ever devised."

Mr. Bryan, late tonight, spoke briefly before the Royal Merchants' association at their annual banquet.

Mr. Bryan feared violence from Yale students, and was escorted from the hotel to the theater by a bodyguard of five policemen.

During the progress of the lecture an attachment was served on him by the county clerk, representing J. W. Norcross of New York, advance agent for J. W. Crawford of the same city. The suit was brought to recover a claim of \$300 against the lecture agency with which Mr. Bryan is connected. Mr. Bryan's attorney today said he was not connected with the course, and, therefore, the attachment is void. It will probably be released tomorrow.

**FEW APPLICATIONS MADE FOR  
MINISTER TO SPAIN.**

Heretofore, the Spanish Mission Has  
Been Eagerly Sought After, by  
Men Who Were Anxious to Spend  
a Few Years Abroad.

**THERE'S A QUESTION.**

Mr. Hear (Rep., Mass.) showed  
the committee a report that San-  
guilly had been only two months  
in the United States. In the United  
States he had not his naturalization  
papers, but he had been in the  
country for the last 18 years; that  
the naturalization papers were  
fraudulent, and that Sanquilly  
was not an American citizen, but  
a subject of Turkey.

Senator Sherman denied the  
report, and said that Sanquilly  
was a native-born American citizen,  
and that he had been in the  
country for the last 18 years; that  
the naturalization papers were  
fraudulent, and that Sanquilly  
was not an American citizen, but  
a subject of Turkey.

Mr. Teller (Colo.) characterized  
the conduct of the state department  
as "pusillanimous," and said he  
expected nothing but a transfer of  
Sanquilly to the Spanish mission.  
He declared he would make  
any power in the world respect  
American citizenship, even if it  
took all the money, all the ships  
and all the men the country had.

**SHERMAN'S INCONSISTENCY.**  
Allusions by Senators Hill (Dem.,  
N. Y.) and White (Dem., Cal.) to the  
inconsistency of Mr. Sherman (Rep.,  
O.) in having the joint resolution  
passed yesterday, and expressing the  
hope that the senate would pass it  
today, and then voting today against  
it, brought up the matter for  
discussion. He defended his vote  
today on the ground of the necessity  
of passing the appropriations bill;  
but he expressed the hope that  
the senate would pass it today.

At 6 o'clock a recess was taken  
until 8 p.m.

**IN NEW YORK TONIGHT.**

Bryan's Two Lectures in the Metrop-  
olis Will Be "Money" and "Free  
Coinage."

New York, Feb. 25.—William J.  
Bryan is billed to arrive in town on  
Friday, and a reception committee of  
the bimetallic association will escort  
him to the Bartholdi hotel. Elaborate  
plans are being made to entertain  
him. Saturday a luncheon will be  
served in his honor by the bimetallic  
association, and a reception committee  
embracing many prominent silver men  
from various states has been appointed  
to act as a member but he sent  
his regrets. Among those who will  
be present are: Elihu Root, David  
Brisson Walker, John C. Sheehan,  
William R. Hearst, Congressman Sulzer,  
Congressman Cummings, Senator  
James K. Jones, Senator Stewart  
of Nevada, Senator Pettigrew of South  
Dakota, George Fred Williams of  
Massachusetts, Justice Gray, James J.  
Martin, Jacob Ruppert and a long list  
of Tammany men.

Bryan's subject Friday night will  
be "Money," and on Saturday night  
"Free Coinage."

**Bryan at New Haven.**  
New Haven, Conn., Feb. 25.—W. J.  
Bryan delivered a lecture on "Bimetal-  
lism" before an audience of about 1,000  
persons at the Hypocrite theater here  
this evening. He arrived at 4:15 from  
New York. Mr. Bryan was introduced  
by Alexander Troup, chairman of the  
Democratic state central committee,  
and was greeted with three cheers and  
a tiger as he stepped to the front. He  
began by stating that no government
